Minnesota two and four-year public colleges and universities developed a common liberal arts general education curriculum known as the Minnesota Transfer Curriculum (MnTC). Completion of all or part of defined 40 credits, distributed among ten goal areas, at one institution enables a student to transfer lower-division general education coursework to any Minnesota public college or university.

MN Transfer is THE Web Service for:

- Minnesota Transfer Curriculum (MnTC)
- Transfer planning
- Articulation agreements between colleges and universities
- Credit for prior learning (Military, CLEP, AP, International Transcripts, International Bachelorette (IB), DANTES/DSST).
- Frequently asked questions
