

INCLTOP #20# #TP TEST SCORES/PERCENTAGES DISPLAY

Displaying Test Scores and/or Test Percentages

To display Test Scores and/or Test Percentages entered in ST1100UG - Test Scores tab, #20# is used in the INCLTOP requirement.

As of June 9, 2008 #20#:

- Includes display of the date the test was taken
- Allows encoder to specify which tests in the student's record to display

#20#

These additions to test score/percentage display will likely require you to change the way the "Test Scores" label is entered in your INCLTOP. We now suggest that on the line immediately above the actual #20# entries in your INCLTOP, you add a single text line that says, "Test Scores:" with the #20# encoding on the next line as shown here:

Requirement Name: INCLTOP FYT: 0000 00 LYT: 9999 99
 Title: _____
 Web Title: _____
 Pseudo Name: _____ Requirement Type: T - Text
 Last Modified: Aug 07, 2000 7:38:18 AM By: FFORSEMAN

Common	Reporting	Reference/Other	Text	Limits (X-line)	Used By
Header					OK No
10	OK	Requirement Complete	-	Subrequirement Not Complete	
11	NO	Requirement Not Complete	+	Subrequirement Complete	
12	*****				
13	--> REMEMBER <--				
14	*****				
15		Test Scores:			
16		#20(0163,0164,0166)#			
17		#TS(0166,,0.00,32.00,00000000,20080131) [v]			
18		#TS(0166,,32.01,999.00,00000000,20080131) [M]			
19		#TS(0166,,0.00,29.00,20080201,99991231) [v]			
20		#TS(0166,,29.01,999.00,20080201,99991231) [M]			
21		#TS(0166,,32.01,120.00) [M]			

Buttons: Header Header/OK Title Title/OK

In the sample above, note the addition of the test codes listed in parenthesis after the #20 in line 16. That tells DARS to only display scores for tests 0163, 0164, and 0166. The parenthesis must be followed by the # symbol.

Here is the audit appearance with the above settings:

```

Test Scores:
Accuplacer Reading Comprehension Score: 106.40
    Date taken: 06/10/2003
Accuplacer Sentence Skills Score: 113.70
    Date taken: 06/11/2003
Accuplacer Elementary Algebra Score: 31
    Date taken: 01/01/2008
  
```

You may add additional #20# lines to specify additional tests. The audit display will not change. For each specified test that the student has taken, the first line will list the name of the test from ISRS followed by the score and/or percent. Immediately below each test is the "Date taken" label followed by the Test Date from ISRS.

Multiple test lines example:

Header	
14	Test Scores:
15	#20(0163,0164,0165,0166)#
16	#20(0120,0121,0122,0123,0124,0125)#
17	#TS(0166,,0.00,30.00,00000000,20080131) [v]
18	#PL(0005,0,2.99,000000,20030531) [X]
19	#PL(0005,0,2.99,20030601,99999999) [K]
20	#TS(0166,,0.00,35.00,20080415,99991231) [v]
21	#TS(0166,,30.01,120.00,20080201,20080414) [M]
22	#TS(0163,,0.00,69.80) [h]
23	#TS(0163,,69.80,97.39) [O]
24

Audit example with the above #20# settings:

```
+++++
Test Scores:
Accuplacer Reading Comprehension Score: 106.40
    Date taken: 06/10/2003
Accuplacer Sentence Skills Score: 113.70
    Date taken: 06/11/2003
Accuplacer Elementary Algebra Score: 31
    Date taken: 01/01/2008
Pre-Professional Skills Reading (0710) Score: 96.40
    Date taken: 06/04/2008
Pre-Professional Skills Math (0730) Score: 59
    Date taken: 04/15/2008
Pre-Professional Skills Writing (0720) Score: 98.50
    Date taken: 04/15/2008
Pre-Professional Skills Test Grammer Score: 74
    Date taken: 04/15/2008
Pre-Professional Skills Test Fluency Score: 95.60
    Date taken: 04/15/2008
Pre-Pro Skill Test Overall Comprehension Score: 87
    Date taken: 04/15/2008
+++++
```

#TP

In order to display a combination of the Scores and Percents entered in ST1100UG Test Scores tab, #TP can be listed in INCLTOP. #TP has three options. No changes have been made to this functionality.

All three options are as follows:

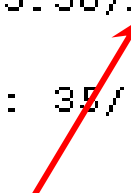

- #TPS This will display Scores only. *Scores are also only displayed when only #20 is entered without #TPS.*
- #TPP This will display Percents only.
- #TPB This will display both Scores and Percents.

Here is a sample INCLTOP encoding with #TPB to display both scores and percents when available.

15	Test Scores:
16	#20(0163,0164,0166)#
17	#20(0120,0121,0122,0123,0124,0125)#
18	#TPB
19	#TS(0166,,0.00,32.00,00000000,20080131)[v]
20	#TS(0166,,32.01,999.00,00000000,20080131)[M]
21	#TS(0166,,0.00,29.00,20080201,99991231)[v]

Audit appearance with #TPB:

```
Test Scores:
Accuplacer Reading Comprehension Score/PCT: 43/NA
    Date taken: 04/14/2003
Accuplacer Sentence Skills Score/PCT: 35.30/NA
    Date taken: 04/14/2003
Accuplacer Elementary Algebra Score/PCT: 35/53%
    Date taken: 06/02/2008
```

If you use #TPP or #TPB and percent scores are blank in ST1100 UG – Test Scores tab, NA will print in place of a percentage number.

***Are you using #PD, #CO, #PR? DARS is limited to a total of 100 entries of the combined #TS, #PD, #CO, #PR and #PL INCLTOP items.*
