

Requirement Change #8

Purpose: Course exchange to accept course or multiple courses (transfer or home) for course equivalent retaining values (**string** and **condition code**) originally present.

Situation: Based on approval from the Academic Dean, the student will be allowed to use three 1 credit Business Seminar courses from Bemidji State University as the equivalent of BUS 1103 because the combined content and credit is at least 75% or > to the course.

Audit Appearance before Exception:

```
NO      Business Generalist Occupational Cert Requirements -
        16 credits with a 2.0 GPA required
EARNED: 3.00 CREDITS
--> NEEDS: 13.00 CREDITS

- 1) Business Generalist courses - grade of 'C' or better
    required in each course.
S 06 BUS 1101 3.0 A Introduction to Business
NEEDS: 4 COURSES
COURSE LIST: BUS 1103 ,1104 ,1112 ,1125 OR 1133
```

AA??*999? Rows: 12

This Condition Code will be retained in a Course Exchange/Swap Exception.

Transfer articulation rules articulate the three courses from BSU to BUS T***, giving them a sequence number in the order that they are articulated.

NOTE: Transfer articulation must be locked so that Target course sequence number does not change (i.e. BUS T021).

Exception: CE (ACTION of R, RUFLG of S) to exchange/swap a course within a requirement with another/other course(s).

Ctlcd	Action	Ruflg	Memo
CE	R	S	Course Exchange

Field	Description
Pseudo Name	Sub-requirement pseudo name (BUS GENL CRS)
Requirement Name	Name of requirement (BUS GENL)
Required Count:	Increase by 2 courses so that 3 courses are still needed (without this the requirement is looking for 5 courses)
Note	Brief explanation of exception detail
Course	When RUFLG is S, a sub-requirement swap will continue to retain/inherit any individual condition code tests (C) originally present on the course.

Effect of Exception:

By identifying the course(s) as a swap, the 3 courses are equivalent to BUS 1103 and retain the Condition Code of "y" (meaning of this condition code is institutionally defined). This Exception also applies and carries String Table rules to the course(s) exchanged/swapped for the original course.

Audit Appearance after Exception:

```
TO Business Generalist Occupational Cert Requirements -
  16 credits with a 2.0 GPA required
EARNED: 6.00 CREDITS 4.00 GPA
--> NEEDS: 10.00 CREDITS

- 1) Business Generalist courses - grade of 'C' or better
  required in each course.
  NOTE: CE (3) BSU courses = BUS 1103
S 06 BUS 1101 3.0 A Introduction to Business
