

## Requirement Change #9

**Purpose:** Accept lower GPA

**Solution:** Based on approval from the Dean of students, 2.97 GPA can be used in the student's program (3.0 GPA is required). Approval was based on student's overall and transfer GPA being substantially higher than program GPA. Transfer courses toward program are not calculated on the student's record.

**Audit Appearance before Exception:**

NO	GPA of 3.0 in all certificate courses	
	EARNED:	2.97 GPA

The requirement CERT GPAB requires a minimum of 3.0 GPA of all certificate program courses. An exception is made based on the student's transfer courses toward this program not being calculated in this GPA. These transfer courses are well above the minimum required.

**Exception:** GP (ACTION of R, RUFLG of I) to modify required GPA

Select Exception Type:			
Ctlcd	Action	Ruflg	Memo
GP	R	I	Use to modify GPA requirement

Field	Description
Pseudo Name	Requirement pseudo name (CERT GPAB)
Requirement Name	Name of requirement (CERT GPAB)
GPA	When RUFLG is I, then required GPA can either be reduced (-0.030) or increased for the designated requirement
Dprog	Insures that only the specified program will be affected with this reduction in GPA (CERT8002)

**Effect of Exception:**

Reducing the required GPA allows this student to use a lower than 3.0 GPA for this specific program (CERT8002).

**Audit Appearance after Exception:**

```

OK      GPA of 3.0 in all certificate courses
EARNED:                                     2.97 GPA
NOTE: RM  Accept lower GPA

```
