

INCLTOP #NC

NO MAJOR CONCENTRATION

#NC will instruct DARwin to ignore the student's active Concentration(s) as listed in ST1104UG and run the audit based on Degree and Major alone. With respect to DARwin this would mean that only the first eight places in the Degree Program name will be used.

The INCLTOP entry is shown below:

Requirement Name:	INCLTOP	FYT:	0000 00	LYT
Title:				
Pseudo Name:		Requirement Type:	T - Te	
Last Modified:	Aug 07, 2000 7:38:18 AM		By: FFORSEMAN	
Common Reporting Reference/Other Text Limits				
Header				
1	#DDPrevious Degrees: #			
2	Make Sure These lines print			
3	*****			
4	#NCY			
5	#PD(02,,,,) <DATE,PREVDEGR,5,P,C>[z]			
6	#PD(,,1,,) <DATE,PDDD1000,5,P,C>[z]			

Format

This is a non-printing item and can be placed anywhere in INCLTOP. The entry options are as follows:

- #NCY** - Yes, exclude concentration when processing the degree programs
- #NCN** - Default, use concentration when processing degree programs (#NCN is the same as not entering #NC in INCLTOP.)
