

DARS Transfer Rules to Mntransfer.org

DARS and MnTransfer.org announce a process enabling MnSCU campuses to post the transfer tables from DARS Transfer Articulation directly to www.mntransfer.org. This process reduces the need to keep two independent databases of transfer rules.

When a DARS transfer table is posted on MnTransfer.org, it identifies your Transfer Articulation rules. It lists the institution names, catalog dates, transfer course, transfer title, course first and last year terms, course Memo notes, and your course. The table lists one-to-one, many-to-one, and one-to-many course combinations. It does not list course alternates or flags.

Bethel College to Century Community and Technical College Fall 1997 - to present			
Note: T*** = Course Transferred but not an equivalent			
Posted 11/4/03			
Bethel College	Century Community and Technical College		
Course Title	Eff Date	MnTC Goal Area(s)	

ANT200E	Intro to Anthropology	Goals 5, 10	ANTH1021

ANT314G	Peoples and Cultures Latin Am	Accepted as Goals 5, 8	ANT T***
ANT317G	Urban Church: Making a Diff	Elective	ANT T***
ANT318G	The Urban Church	Elective	ANT T***

How do they transfer?
Century course articulations for Bethel College
from Century's DARS

What will you need to do?

1. DARS encoders must test the TA rules.
2. Make first year term dates meaningful. (FYT of 000000 does not make sense to students.)
3. Include the MnTC goal(s) of the sending institution in the Memo area at the rule level. (MnTC goals are included in the MnSCU and U of M catalogs we send, upon request, to your DARS.)
4. Request posting of DARS TA tables, for specific transfer institutions, by emailing Gina Boeckermann gina.boeckermann@so.mnscu.edu
5. Request re-posting of DARS TA tables when **significant changes** have been made to the TA tables by contacting Gina Boeckermann.

What will we do?

1. Remove TA 0000001 processing rules.
2. Remove generic remedial and unknown rules.
3. Identify date posted to web: "Posted dd/mm/yy."
4. Send you an e-mail with file to review before posting.
5. Post to www.mntransfer.org "Courses: How do they transfer?" in Word & PDF format.
6. Announce in What's New on MnTransfer.org.
